PROFESSIONAL EXPERIENCE

Senior Web Developer | StalwartBD *June 2022 – Present*

- Designed and maintained scalable Laravel and WordPress applications for internal business operations
- Architected and developed RESTful APIs powering Vue.js frontends with optimized database queries
- Integrated multiple payment gateways including SSLCommerz, Stripe for secure transactions
- Improved application performance and reduced response time through query optimization and caching strategies

Full Stack Web Developer | Original Store BD Ltd *Sept 2021 – May 2022*

- Developed a full-featured e-commerce platform in Laravel handling product catalogue, order management, and payment workflows
- Built responsive front-end interfaces using HTML, CSS, Bootstrap, and jQuery, improving mobile usability and checkout conversion
- Resolved critical N+1 query problems, reducing database load and improving page load speed by ~35%
- Implemented an Algolia-style live search system, significantly improving product discovery and user experience

Full Stack Web Developer | dgMarket BD *Jan 2018 – Aug 2021*

- Designed and built a multi-vendor marketplace architecture supporting isolated data per organization
- Developed web applications using PHP & Laravel.
- Performed data mining and web scraping with Python and Selenium.
- Developed front-end UIs for dgMarket BD.

Junior Web Developer | IT-Stalwart *Mar 2017 – Dec 2017*

- Developed landing pages and marketing sites using WordPress for company and client projects

- Built front-end UI components using HTML, CSS, and JavaScript
